## Health Insurer Code of Conduct: Co-signing medical associations

The following medical associations co-signed an AMA letter that called on health insurers to pledge their commitment to full transparency and accountability with respect to all of their clinical and administrative processes, as set forth in the Health Insurer Code of Conduct Principles.

A health insurer's commitment to these fundamental principles demonstrates the company's dedication to truly putting patients first.

We would like to thank the following medical association partners for their support of this code of conduct:
